

Genesis, Oreet Ashery and Dora Gordine  
are thrilled to invite you to a critical soirée on  
Saturday 21 May 2016,

from 3pm at Stanley Picker Gallery and  
Dorich House Museum

Please join us at **3pm** at **Stanley Picker Gallery** for a special viewing of **Oreet Ashery's** web series *Revisiting Genesis*, and a talk by **Helena Reckitt** (Senior Lecturer in Curating in the Art Department at Goldsmiths, University of London), on feminist duration and tactics of withdrawal, staged within the futuristic community centre created by Ashery for her current exhibition at the Gallery.

At **5pm**, cars will collect us to rendezvous at the nearby **Dorich House Museum**, on Richmond Park. Originally designed by **Dora Gordine** in the 1930s as her studio and home, the building was inhabited by Gordine and her husband Richard Hare for many years, before being squatted as well as used by the BBC as a set in more recent times. At Dorich House, we will attend an informal conversation between **Fran Lloyd** (Professor of Art History in the Faculty of Art, Design & Architecture at Kingston University), Dr. Jonathan Black FRSA (Senior Research Fellow in History of Art at Kingston University) and Oreet Ashery, who has several questions to ask about Dora Gordine's life and memory.

To conclude, a **sausage legacy aperitivo**, inspired by a cryptic entry in Gordine's personal visitors book, will proudly be served at about **6pm**. Ingredients will be specially provided by **4 COSE**, a shop run by artists Cullinan Richards in collaboration with Andrea Sassi of *dispari&dispari* projects, Italy,

As this is an intimate gathering, **please RSVP by Monday 16 May** to: [jthomas@kingston.ac.uk](mailto:jthomas@kingston.ac.uk)
